

TECHNICAL DATA

MP Gear Oil

MP Gear Oil is developed from the finest base stocks available combined with state-of-the-art extreme pressure (EP) additives.

Features

Suitable for marine applications where EP oil is recommended, particularly outboard lower units and I/O transmissions

Designed to withstand water ingress

Contains an advanced additive package which ensures optimum performance and protection under extreme conditions

Provides maximum thermal stability, anti-corrosion and seal protection qualities

MP Gear Oil meets or exceeds the following specifications:

API GL-5

Typical Physical Characteristics

Viscosity Grade	SAE 80W-90
Density @ 15 C	0.884
Viscosity @ 40 C	150.0 cSt
Viscosity @ 100 C	15.0 cSt
Viscosity Index	100
Appearance	Clear Green Liquid
Product Code	06068

Rev:C/10
